Surplus.....\$9,981,233 38

When solicited to insure in other Companies, remember that THE MUTUAL LIFE INSURANCE COMPANY of New York is entitled to your first consideration, since it holds the foremost place among the Life Insurance Institutions of the world, and offers superior advantages in all the features of business, together with unequalled financial security.

- 1.—It is the OLDEST active Life Insurance Company in this country.
- 2.—It is the LARGEST Life Insurance Company in the world.
- 3.—It is the STRONGEST financial institution in the world, its assets amounting to more than \$147,000,000.
- 4.—It is the SAFEST Company in which to insure.
- 5.—It is the CHEAPEST Company in which to insure. Its large dividend returns reduce the final cost of Insurance to a minimum.
- 6.—It is the BEST Company in which to insure, as it combines all the advantages of age, large and select membership, financial strength, absolute security, and the cheapest insurance that is honestly possible under any contract which has a definite value to the beneficiary.
- 7.—It has no stockholders to claim any part of the profits. The assets and surplus all belong to the insured.
- 8.—Its ratio of expenses to receipts shows it to be the most economical management.
- 9.—Its New Policy is the most liberal ever offered by any insurance company.
- 10.—It places no restrictions upon Travel, Occupation or Residence after being two years in force.
- 11.—Being practically Non-Forfeitable and Incontestable it provides a legacy and not a lawsuit.
- 12.—It is the simplest and most comprehensive form of Insurance Contract ever issued. If the Policyholder pays his Premium while he lives, the Company will pay the full value of his Policy when he dies.
- 13.—All Claims are paid immediately upon acceptance of proofs of death.
- 14.—The Disposition Policy of this Company presents a most attractive investment feature. It not only accumulates the surplus arising from the premiums over the cost of the insurance on each policy in force during the Distribution period, but increases it by compound interest.

## LIQUID ENAMEL PAINT.

[Has been in the Market 22 years.]  
Mixed Ready for Use.  
Any one can Apply It.

WILSON, N. C., Sept. 8, 1876.  
MR. C. P. KNIGHT, Baltimore, Md.:  
Dear Sir—In reply to your letter as to the merits of the Liquid Enamel Paint, it affords me pleasure to say it has given entire satisfaction, so much so it has converted the painter that applied it, and also others who were very skeptical when it was being applied. In fact, the opposition to it was so intense when I was about to buy, I should have likely bought lead and oil had I not have known you so many years and having great confidence in your integrity.  
Yours truly,  
R. R. COTTEN.

Dear Sir—In January, 1878, our store was painted with the Liquid Enamel Paint, made by the New Jersey Enamel Paint Company. We used tints that generally show the effects of exposure, but the paint has retained its color, gloss and freshness. We shall take pleasure in using it in the future.  
Yours truly,
